

Sale Name: Boys Toys, Auto Parts, Tools & More in Canton!

LOT 14 - Spare tire holder

Description

Wasn't sure what this was, but then we put it on Facebook and somebody pointed out that this is a spare tire holder that would be bolted down in a pickup truck or a Jeep. Hardware not included. There is a part number stamped on the bottom of this but I'm having trouble reading it so maybe you can blow up the picture.

Quantity: 1
